- Absorbent at the top
- Non-fluffy
- Flexible
- Reusable
- Liquid-proof on underside
- Shock absorbing

NON-WOVEN SHEETS

Datasheet

Processing

- Make the substrate dry, clean and dust-free
- Switch off underfloor heating
- Lay the canvas flat on the surface
- Overlap by 10cm and seal the material with a suitable tape
- Always test beforehand whether the product is suitable for the subfloor

Notes

Quality Covers Sheets is not suitable for newly laid floors that still have to breathe or harden, in which case we recommend Quality Covers Breathable liner.

Non-woven Sheets is not resistant to aggressive substances, the surface must be permanently dry, clean, free of dust and solvents. If the job canvas is damaged (e.g. by reuse) it should be replaced.
